

TARO BEVIS

Motion Graphic Designer, Animator & Illustrator
Founder of Bevis Productions

PROFILE

I'm a motion designer, animator and illustrator with over 10 years of experience. I create and manage every component that is needed to make an animation from in-depth communication, project management, designing storyboards and style frames, illustrating assets, creating animatics, animation, managing the voice over and sound design.

I've been fortunate to work with a wide range of clients from startups to multinational companies from a wide range of industries, including:

- **British Airways:** The Arrivals & Connections In-flight video in multiple languages.
- **Unicef:** Explainer video about how a vaccine initiative saves lives.
- **Philips:** Explainer video promoting the benefits of the Philips AED crowdfunding scheme.
- **Channel 4:** Animated 10 videos for the Channel 4 show Naked Attraction.

I specialise in:

- **Explainer Videos**
- **Brand Promotion**
- **Product Advertisement**
- **Animated Logo Stings**
- **Infographics**

I earned a 2:1 degree in Illustration & Animation from Solent University. As a keen amateur photographer, former professional videographer, and avid cinephile, my skills and passions synergize to greatly enhance my abilities as a visual storyteller.

I strongly believe that good communication with the client is just as important as the design for a successful project. If you have any questions or want to know more get in touch and see if we are a good fit for each other. I look forward to collaborating with you.

TESTIMONIALS

"Working with Taro has been exceptional. He is extremely professional, an excellent communicator, a good listener, and delivers on time. And of course, his artwork and animation skills are brilliant and his visuals stunning. He has gone the extra mile to create something unique and powerful, exceeding my and the client's expectations (which was not an easy task). The collaboration with Taro was deeply satisfying on all levels - simply everything one could wish for when hiring a motion designer."

Maren Wickwire
Multimedia Consultant, Unicef

"We worked with Taro on a number of conferences for our business. His animations are excellent and we have used them time and time again. I would highly recommend."

Richard Sykes
SVP & President UK & Ireland, ABM

"Taro has completed many successful projects for IAG and other companies within the Group (BA, Avios and IAG Tech). His work has always been first class and he has an amazing ability to bring ideas to life through his excellent animations and video production. It's been a pleasure to work with him."

Ed Bolton
MD, Atlas FM
Former Head of Business Services, IAG

"I and the team at Inspire have worked with Taro for a number of years on a variety of different projects. His animation, video and photography skills combined with a professional, dedicated and very creative approach have really contributed to making our events, conferences, internal communications, etc a huge success. I would not hesitate to recommend him."

Warren Munsen
Director, Inspire Accountants (now Azets)
